

CAUSATION MATERIALS

1) Public Company Statements

- a) Frank Statement (1954)
- b) Hatch Statement (October 2, 1997)
- c) Parrish Statement (October 2, 1997)

2) Historical Perspective

- a) The Castle Meeting (Tarrytown, NY) – December 8-10, 1998
 - i) Attendees
 - ii) Meeting Agenda
 - iii) Use of epidemiology to prove cause and effect – Bradford Hill Criteria (Sanders)
 - iv) Animal Testing – Use to estimate risk (Haussmann/Tricker)
 - v) Mechanistic Studies –p53 (Tricker)
 - vi) Criteria Necessary to Prove Causation (Carchman)
- b) Causation Meeting (Richmond, VA) – December 17, 1999
 - i) Attendees
 - ii) Meeting Agenda
 - iii) Discussion/Outcomes
- c) Stockholder's Reports
 - i) Maxwell Report (1990)
 - ii) Stockholder Report (1991)

3) Related External Documents

- a) Criteria for Judgement – 1964 Surgeon General's Advisory Committee on Smoking and Health
- b) Chapter 1: Basic Concepts and Chapter 2: Causation and Causal Inference in Modern Epidemiology Second Edition. (1999) Rothman, K. and S. Greenland (eds.). Lippincott-Raven Publishers
- c) Causes by Rothman, K. (1976). American Journal of Epidemiology. 104:6; 587-592

4) Litigation

- a) Ohio Ironworkers Case
- b) Engle Case

5) Website Information

- a) Philip Morris
- b) Brown and Williamson
- c) RJ Reynolds
